

CounterBalance®

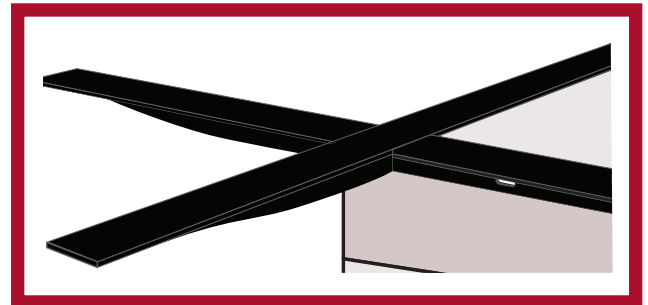

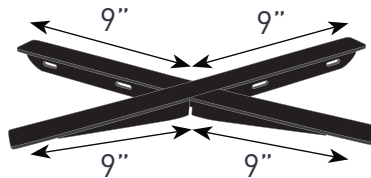

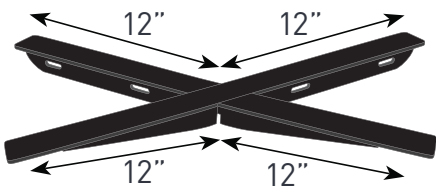

CROSSBAR and CROSSBAR MINI

The **CounterBalance®** CrossBars provide a cost-efficient, quick, easy install to support overhangs on stone and solid surface countertops. These products give your customers an alternative to banging their knees on pricey corbels and provide superior support and security. These low-profile brackets are hidden from view offering a clean, modern look.

The CrossBars are designed to attach to the corners of cabinets, supporting overhangs in two directions on “island” and “peninsula” countertops above cabinetry. The CrossBar and CrossBar Mini can support up to an 18” overhang in two directions respectively.

Supports should be spaced no more than 16 to 20” apart for optimum performance.

- Low-profile, countertop support brackets provide a clean, floating look for your kitchen countertop
- Hot rolled, 7 gauge steel with black powder-coated finish for strength and durability -tested up to 500 lbs
- Mounts on cabinetry to support extended countertop overhangs for Island and Peninsula style applications
- These countertop support brackets support up to a 18” overhang in 2 directions – countertop can extend 6” beyond the support
- CrossBar support bracket designed to mount on the corners of cabinets
